City Launches Updated Online System for Resident Parking and Disposal Permits

SUMMIT, N.J., October 22, 2020 – The City of Summit Parking Services Agency has launched an updated digital platform for residents to obtain and renew annual parking and disposal center permits [online](#). The new digital permit system is managed by license plate recognition with no physical permit to place on a vehicle.

Effective now through November 16, 2020, all residents are required to renew annual parking and municipal disposal center permits online. The deadline to renew annual permits is November 16, 2020. New permits will be valid from November 1, 2020 through October 31, 2021. Permits are required by the City of Summit for all residents to park in municipal parking lots and garages and to use the City of Summit Transfer Station at 40 New Providence Ave.

All registered Summit residents will receive an email containing a temporary password and a link to the new system. Residents are asked to copy the temporary password and sign in to the system using an email address along with the temporary password. An email will be sent with instructions on how to create a permanent password. To register one or more vehicles, follow instructions on the HELP screen to upload required documentation and credit card information. Permit requests will be approved within five to 10 business days. For vehicles not currently registered in the permit system, [sign up](#) to create an account.

The Parking Services Agency is available to assist residents with the permit renewal process if they are unable to initiate the process online. Due to COVID-19 pandemic restrictions, appointments are required for in-office assistance, and are available Monday to Friday from 9AM to 12PM. Masks and social distancing are required. For assistance by phone or to set up an appointment, call 908-522-5100 or email parking@cityofsummit.org.
