HISTORY HIGHLIGHT:

At a recent Council meeting, Councilmember Bob Pawlowski shared a historical minute highlighting Summit's long-standing commitment to affordable housing, including the community’s response in the 1960s when Glenwood Place, then home to many lower-income families, fell into disrepair. The Council pledged to match private donations, and by June 1969, Summit residents had raised \$632,496 (about \$5.5 million today), funding the Glenwood Place Rehabilitation Program that created the 40-unit housing development we see today.
